

B100 Bio Diesel

Biodiesel B100 typically refers to pure biodiesel, also known as B100 biodiesel, which is composed entirely of biodiesel with no petroleum-based diesel blend. It's made from renewable resources such as vegetable oils or animal fats through a process called transesterification. B100 biodiesel has a range of applications across various sectors, primarily as a cleaner-burning alternative to traditional petroleum diesel fuel.

On-road:

- Fleet vehicles

Technical Specification

| | | |
|---------------------|---|------------------|
| Product Name | : | BIODIESEL |
| Stock No | : | NS6130-12-001963 |
| Purity | : | B100 |
| pH Value | : | 6.5 |
| Water Content | : | 400mg/kg |
| Flash Point | : | 130 °C |
| Acid Value | : | 2.26mgKOH/gm |
| Density | : | 850kg/m3 |

Biodiesel B100

Available Quantity:

- Bulk Supply Full Load Tanker
- Plastic Barrel Supply
