

**NS6130-12-001661**

## Quick Facts

Product	:	Carbon Granules
Stock No	:	NS6130-12-001661
CAS	:	7782-42-5
Molecular Formula	:	C
Purity	:	99.99%

## Technical Specification

Molecular Weight	Density	APS
12.01g/mol	1.9g/cm3	1-5mm

Carbon granules are widely used in various applications due to their excellent adsorption properties. Carbon granules are commonly used in air and water filtration systems to remove odors, impurities, and contaminants. Carbon granules used in some industrial processes, such as the production of pharmaceuticals and chemicals.

Carbon granules are used in air purification systems to remove odors, smoke, and other airborne pollutants. Carbon granules are used in aquarium filtration systems to remove impurities and maintain water quality for fish and other aquatic animals. Carbon granules are used in some dental procedures, such as tooth whitening, to remove stains and discoloration.
